It Will Pay Your Carfare Ten Times Over to Come Out of The High Rent District and Buy Direct From The Grower

Plants of Parking Time to Park Your Car

For some years back when strictly in the wholesale business we declared a Post-Season Sale. The superiority of our stock was quickly shown on the market and the response has been so great since that we have been encouraged to continue our plan with an extensive plan of selling direct to the public of the city of Chicago and suburbs. We are now personally notifying you of the

Seventh Bi-Annual Sale of Bulbs, Seeds and Nursery Stock and we can safely say that this is the largest ever held, where goods will be sold at cost of production and selling expenses, to clean out the over production of our nurseries.
